Smart cloud-based monitoring system

Cloud & App

PV Plant monitoring plays an important role in our approach to revolution-ize access to solar energy. It saves you time and money by reducing PV plant downtime. Your energy generation and consumption are presented in simple and easy to read graphs for complete plant management.

Real time and historical data are readily available via our cloud-based monitoring portal, allowing you to compare your current performance to past results and projected goals. AISWEI Cloud, our new online monitor-ing portal, is perfect for home owners, business owners and PV develop-ers who want to monitor their PV Plants from anywhere in the world.

Easy-to-install

- Easy to create PV plant by scanning QR code (app)
- Locate your PV plant on the map (app)
- Available as Android and iOS apps + web browser

Reliable

- Cloud-based monitoring system
- Centralized management of all plant data

User-friendly

- Key system data on one page for easy viewing
- Easy and convenient performance reporting
- Rapid event and yield report by email

To download the app search for "AISWEI" or simply scan the QR codes:

Download on the **App Store**
