

25 February 2020

To whom it may concern,

Maximum Mounting Rail length ClickFit EVO

The maximum continuous length of the Mounting Rail (100-800X) including Mounting Rail Connector(s) (100-8061) of the ESDEC ClickFit EVO PV mounting system is 15m. This length is maximized because of thermal expansion reasons.

Yours sincerely,

Mark Lutz  
Technical Director Europe
